circulated, were confirmed as being a true record,
and on the proposition of Mr.Betts, seconded by
Mrs.Shields, it was agreed they should be signed by
the Chairman.

Matters arising.

Parked vehicles, Barrow Road, Burton-on-the-Wolds.

The Chairman welcomed Police Woman Johnson to the
meeting, and she said she was prepared to answer
questions relating to this problem. Although the
Police are only able to check on the observance by
motorists of double yellow lines in rural areas
infrequently, the meeting felt that extending the
double yellow lines along Barrow Road would help to
deter motorists parking along this narrow road.

This had certainly proved to be the case when double
yellow lines were introduced in the village centre.
On the proposition made by Dr.Evans, the meeting
agreed that a request be made to the County Director
of Planning and Transportation for the double yellow
lines to be extended on the left hand side of Barrow
Road, (when leaving the village) to just past the
County Junior School.

Police Woman Johnson stated that the Police will
support this request.

The Chairman thanked Police Woman Johnson for her help
and attendance, and she then left the meeting.

Highway matters, Burton-on-the-Wolds.

The Clerk reported that potholes in Seymour Road and

W.P.U.

on the pavement in front of the garage, Melton Road had been filled in.

Rental charges for the Sports Pavilion.

A letter from the Burton-on-the-Wolds Playing Field Association asked for details of the January Electricity bill. The Clerk reported that this has not yet been received. Details would be given to the Playing Field Association as soon as the bill is received.

Details of previous water and electricity bills have already been given together with the insurance premium for the Pavilion to enable the Playing Field Association to determine letting charges.

Housing for Local Needs Questionnaire.

Sample copies of Questionnaires have been received from Mr. Patmore. These have been photo-copied, and a set was issued to each member of the Council to enable this to be discussed at the next meeting.

Roadside verge, Barrow Road, Burton-on-the-Wolds.

Dr.Evans reported on the state of the grassed verge and the side of the road on Barrow Road. This has been badly damaged by heavy tankers parking on the roadside. The Clerk was asked to report this to the County Divisional Surveyor.

The second Monday in April being Easter Monday, it was agreed that this meeting should be held on Monday, 15th.April, subject to the availability of the Village Hall.

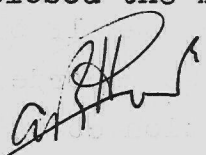

Klargester Septic Tank, Sports Pavilion.

A letter from the Borough Secretary, Mr.G.Henshall, informed the Council that it has been reported to him by the Borough Technical Staff that the Klargester Septic Tank serving the Sports Pavilion is not operating efficiently, the liquid being unable to filter away.

After discussion, Mr.Eggleston offered to arrange for levels to be taken from the Klargester Tank to the end of the outlet pipe.

It was agreed that this should be done, and the meeting thanked Mr.Eggleston for his offer to arrange for the levelling to be carried out.

formulate a questionnaire to find out from residents
their ideas for the development of the village in the
future. The committee would try to make the
questionnaire interesting so that as many people as
possible would take part. A suggestion was made that
existing problems, if any, and also those that may
arise in say, five years time, should be identified.
It was thought the questionnaire should apply to the
parish of Burton on the Wolds, only.

Water mains, Burton on the Wolds A letter was received
from the Water Authority stating that it was proposed
to replace the 4" cast iron main with a 4" uPVC main
in Melton Road between Wymeswold Lane and The Square.

Planning
Applications

The following applications were received -

85/0033/2 Clarke Homes (East Midlands) Ltd.,
land adjacent Greyhound Inn, Melton Road -
erection of two houses and garages.

85/0065/2 Clarke Homes (East Midlands) Ltd.,
Greyhound Inn, Melton Road - alteration and
extension of car park and formation of access
to the new estate road.

85/0206/2 Fox Covert Farm, Narrow Lane -
extension for living room and quadruple garage
with first floor bedroom, bathroom and billiards
room over, erection of forge and stables and
formation of vehicular access.

Copies of plans and application forms were
inspected in support of these three applications.
It was resolved that no comments be made.

British
Gypsum Ltd.

The Chairman reported on planning application
85/0022/2 submitted by the company to build a
factory partly in the parishes of Sileby and
Barrow upon Soar to produce bagged plaster and
plasterboard. A road from the factory would be
constructed to join Paudy Lane at a point between
the Paudy Cross Roads and Six Hills and the highway
between the access and Six Hills would be improved.
It was the intention of the company and a part of its
application that heavy vehicles would be prohibited
from turning from the access point towards the cross-
roads by means of purpose-built kerbing. As many
staff would be transferred from the existing works at
Gotham a large increase in traffic between the A60
and Walton cross roads was envisaged and also other
roads in the parish would no doubt bear more traffic
from supporting industries.

The Council could foresee that this development could
be fully operational at the same time as the new coal
mines at Asfordby would come into production and a
big increase could be expected.

The Clerk was asked to inform the Director of Planning
and Transportation of the fears of the Council.

A meeting between neighbouring parish councils and the
company would be held at Walton on 12th February.

The Chairman said he would attend.

residents to point out the dangers of parking on the existing waiting restrictions and parking inconsiderately so as to cause an obstruction. The situation was further complicated by parents taking their children to school and collecting them and for this purpose yellow lines would not be effective. He also anticipated that on completion of house building operations in the area the matter would be resolved. Due to the difficulty in enforcing Traffic Regulation Orders, the Chief Constable was unable to support any proposal to extend the existing restrictions and did not wish to pursue the matter.

Mr. E. Lodge said he would take up the matter with the Director of Planning and Transportation.

Planning Applications

1ST WOLDS SCOUT GROUP

Chairman's
Report.

Burton Playing Field.

At the end of the last financial year the Parish Council
agreed to provide a motorised sports ground roller for
use on the Playing Field at a cost of £1050. This has
now been purchased, and has been in use during the 1984
season. Donations towards the cost of the roller of
£250 and £200 respectively were received from the
Burton Cricket Club and the Burton Playing Field
Association.

The Council has also provided a concrete surface in
front of the Sports Pavilion, and an area has been
levelled and graded at the side of the Pavilion for
car parking.

Following a request from the Burton Playing Field
Association, the Parish Council has paid for the cost
of repairing the children's play equipment on the
Playing Field amounting to £576.

The Parish Council is now in the process of purchasing
a storage building for the roller, tractor and gang
mowers, and Planning permission has been applied for to
erect this building at the rear of the Pavilion.

Parking problems, Barrow Road, Burton-on-the-Wolds.

A considerable amount of correspondence has passed
during the past year between the Police, the County
Council and the Parish Council concerning parked
vehicles on Barrow Road. Due to the unsatisfactory

reply from the County Council Officials, County Councillor E.Lodge is dealing with this problem.

Gypsum Mine, Barrow-upon-Soar.

Whilst the Parish Council has no right to object to the proposed mine and processing plant at Barrow, the extra traffic that would ensue would cause much inconvenience in Burton.

Planning.

Objections were raised to the Borough Planning Officer regarding Clarke Homes development. At outline planning a six metre band of trees was indicated on the North and East boundaries, this brought no complaints. At the detailed Planning Stage no trees were included. Some shrubs were included, but no covenant on future buyers to retain these.

A request was made for a better mixture of houses, there being no first time buyers or small houses for retired people.

A survey is being considered to determine what type of housing would be preferred in the next five to ten years.

Finance.

The gross product of a 1P. rate for the three Parishes for 1985-6 is £1208, and in order to maintain a working balance to meet any eventualities the Council has again Precepted for £4500 for General Expenditure. This represents a 3.72 P. rate, and due to a small increase in the product of a 1P. rate from £1120 last year to £1208 this year is slightly less than the 4P. rate levied last year for General Expenditure. There were no questions raised concerning the Chairman's Report.

Any other
business.

A complaint was made concerning the parking of cars part on the road and part on the pavement.

The Chairman informed the meeting that the Police have asked that complaints of this nature should be reported directly to the Police at the time that it is taking place.

There were no further questions or comments made, and the Chairman closed the meeting at 8-0 p.m.

This consists of a dike alongside the boundary hedge of the Fishpond Plantation, the hedge and dike belonging to the owner of the plantation, Harlow Bros. Ltd. At present the water in the dike is static, there being no outlet for the water to drain away.

The Clerk reported that the necessary Application forms and plans have been sent to the Borough Planning Officer together with an Application Fee of £24.00.

Parking problems, Barrow Road, Burton-on-the-Wolds.

It was agreed to write again to the Director of Planning and Transportation pointing out that the Council does not wish the existing double yellow lines on Barrow Road to be extended, but that double yellow lines be laid on the East side of the road at the bend opposite the school. Such lines would act as a deterrent for vehicles to be parked for extended periods, thus preventing traffic congestion at times when the school bus and private cars are picking up or setting down children at the Burton Junior School.

Mrs. Masters, Chairman of the Playing Field Association informed the Council that a meeting of the Association is being called, and will report on the outcome of that meeting.

1. No complaints regarding small applications scheduled to be dealt by Delegation.
2. Revised Plans for major alterations should be regarded as "New Applications", and be given the eight week period commencing the date of the revised application.
3. The Council is concerned that features shown on an outline planning application did not appear on the detailed plans, as was the case of the Clarke Homes development at Burton-on-the-Wolds. The outline planning included a screen of trees, but this was not shown on the detailed plans.

Planning Application 85/1172/2, T.Ridewood.

1. There is no objection to the general proposal involving changing the alignment of the garage roof.
2. Due to the prominent position of the house, all the members of the Council feel that the circular window proposed for the Eastern elevation of the garage is out of character with the rest of the house, and would prefer one more in keeping with the others.

Planning Application 85/1384/2, Clarke Homes Ltd., Phase 2 development.

The plans for the second phase of this development were viewed by the Council with some dismay. The Council had been given to understand that the second phase would include some smaller properties of the "Starter type", and/or bungalows for the elderly. A letter from the Divisional Surveyor, Mr.Coates, stated that in order for the County Council to adopt the road it would have to be brought up to Highway Standards, The cost of which would be shared by the various frontagers along the road and the Property Services Agency.

by the Chairman.

Matters
arising.

Grant Aid, Burton Playing Field Association.

accepted the Parish Council's offer to advance £500.00
during the current financial year. The letter also
advised the Council that Stage 1 of the Tennis Courts
Improvement Scheme is nearing completion.

Old Cricket Pavilion, Burton Playing Field.

The Playing Field Association has been informed by the
Burton Cricket Club that this Pavilion is likely to be
removed by the end of the year.

Souters Lane, Burton-on-the-Wolds.

A letter from the Director of Planning and Transportation
stated that the Ministry of Defence first asked the
County Council in 1967 for a list of works necessary to
bring Souters Lane up to adoption standard. Discussions
took place without any action being taken. In 1981 the
Property Services Agency raised the matter again, and
was informed of the requirements of the County Council.
There have been no further developments.
The County Council has no plans to initiate the making
up of Souters Lane under the Private Street works
legislation at the expense of the frontagers,
particularly as the Ministry seems to be taking the
initiative themselves. The County Council is, however,
writing to the Property Services Agency concerning its
intentions.

Finally the Director stated that until Souters Lane is

adopted, the responsibility for its maintenance rests with the owners fronting on to the Lane. In view of the information given by the Director of Planning and Transportation, the meeting agreed there is nothing further the Council can do about Souters Lane.

Refuse Bin, Sports Pavilion, Burton-on-the-Wolds.

The meeting agreed to pay the sum of between £6.00 and £8.00 per annum to have a refuse bin, (when purchased) to be emptied by the Borough Refuse Collection Department.

Mr. Shields kindly agreed to obtain details from this Department of a suitable Refuse Bin.

Lion's Mouth Fountain, Burton-on-the-Wolds.

Mr. Howe reported that work has been carried out on the supply pipes to the fountain, and has resulted in a small flow of water. It was thought that the small amount of water running through the pipes may be due to the recent dry period.

The meeting thanked Mr. Howe for his help in this matter.

Boundary Wall in front of the Village Hall, Burton-on-the-Wolds.

Mr. Shields reported on a letter he had received from the Borough Planning Officer's Department. Under the Borough's Enhancement Scheme in the North Wolds Area, work could be carried out to build a wall in front of the Village Hall, also shrub planting and attention given to the paved area around the front entrance. The letter also enquired if the Parish Council would be prepared to make a contribution towards the cost of this work.

As Corporate Trustees of the Village Hall, the Parish Council gratefully accepted the offer made by the Borough of Charnwood. The Clerk was asked to write to the Borough Planning Officer thanking him, and accepting the offer for this work to be carried out by the Borough.

Car Park, Sports Pavilion, Burton-on-the-Wolds.

Mr. Eggleston reported that to extend the existing car park would need about three loads of material at a cost of approximately £300.00.

Mr.Eggleston also kindly offered to prepare the ground for the extension, and also to level the material after delivery. The meeting agreed on the cost, and also accepted and thanked Mr.Eggleston for his kind offer to do this work.

Burton-on-the-Wolds Playing Field Association, Public Liability Insurance, increase of Limit of Indemnity.

Following a request by the Burton Playing Field Association for the limit of Indemnity on the Public Liability Insurance Cover to be increased from £250,000 to £500,000, details of the increased annual premium have now been received from Cornhill Insurance Group. The annual premium increases from £20.00 to £25.00, with a pro-rata additional premium of £4.00 up until the next renewal date.

The meeting agreed on the new annual Premium of £25.00, and a cheque for the additional premium of £4.00 was authorised.

Insurance Claim for replacing the Wayside Seat, Village Centre, Burton-on-the-Wolds.

A letter from the Cornhill Insurance Group stated that a £50.00 excess has been applied in respect of malicious damage since renewal on 1st.June,1985.

The original seat was insured for £100.00, and after the £50.00 excess has been deducted, the amount the Insurance Company could contribute towards this claim is £50.00. A cheque for this amount has been received.

In view of the delivery charge and the installation cost, Mrs.Shields asked if these costs could be covered by insurance in the event of the new seat being damaged beyond repair.

The Clerk was instructed to ask the Cornhill Insurance Group if it is possible to obtain such insurance cover.

Public Right of Way, Wymeswold Airfield.

A letter from the County Director of Planning and Transportation stated that the Property Services Agency is not being helpful over the reinstating of this Bridleway, and is further arguing that due to the changed physical situation the reinstatement of the bridleway at or near its original route would be incompatible with agricultural operations and with the recreational use being made of the runways.

The Property Services Agency is being asked to consider whether there is any possible route which would not be

subject to these difficulties.

The County Council will keep the Parish Council informed of developments.

The Clerk was asked to write to the Director of Planning and Transportation stating that it is the wish of the Parish Council that efforts should continue to be made to reinstate this Bridleway.

Clarke Homes, Residential Development, Phase 2,
Burton-on-the-Wolds.

A letter from the Borough Planning Officer stated that although the Planning Committee expressed considerable sympathy with the Parish Council's view that this development should incorporate a wider range of house type and sizes, the Committee felt constrained to grant planning permission on the basis of the latest amended plan which indicated the inclusion of three bungalows and a number of smaller three bedroom detached units.

The Planning Committee is mindful of the advice given to Local Planning Authorities by the Secretary of State for the Environment in Circular 22/80, which instructs Planning Authorities not to dictate to developers the type of housing to be built on any particular site, but that this should be left to the discretion of the developer.

In conclusion the letter stated that, whilst there is sympathy for the Parish Council's views, to refuse planning permission on these sort of grounds would be almost certain not to be supported by the Secretary of State, and therefore it was felt that the only proper decision to make was to permit the development. The Parish Council's request for a discussion to be held on the Department of Environment's Circular 22/80 at the meeting between Parish Councils and Charnwood Borough on 19th. Nov. 1985, has been granted.

Street Naming, Clarke Homes, Residential Development,
Phase 2, Burton-on-the-Wolds.

A request has been received from the Borough Planning Officer for the Parish Council to suggest two street names for the roads on the above development.

The Council decided on the following names :-

Road 1, St. Leonards Close.

Road 2, St. Marys Close.

Charnwood Borough Council, Annual Design Awards, 1985.

A copy of the Booklet, Design Awards, 1985 has been received with a request that applications under next year's scheme should be forwarded to the Borough Planning Officer by 31st. March, 1986.

The following two developments were suggested as being suitable for consideration in the 1986 Scheme,

1. Mr. R. J. Smith, Fox Covert Farm, Narrow Lane, Burton-on-the-Wolds.
